THE BIG STORE'S NINETEENTH ANNIVERSARY

We extend our hearty congratulations to The Big Store upon the occasion of their nineteenth birthday, and wish this famous store a lasting continuance of their great popularity.

The success of The Big Store has been the most interesting development in mercantile history, beginning, as it did, with no other advantage than its promise of honesty and reliability. The Big Store now stands an imposing institution of sterling reputation and enjoys the perfect trust of its vast army of friends and patrons.

Everybody knows about The Big Store and we believe we are voicing universal sentiment in pledging this store our good will at all times.

READING THE HANDWRITING.

Jersey City.—The Hudson County grand jury, which is expected to investigate the cases of the guards who are being held in connection with the killing of three citizens during the recent strikes at the Bayonne plants of the Standard Oil and Tidewater Oil Companies, have been sworn in by Supreme Court Justice Swayze.

The justice reviewed the state riot laws, explaining that twelve armed persons or thirty unarmed persons engaging in disorder, constituted a riot; but private persons had no right to suppress riots and, consequently, no right to maintain armed forces for that purpose.

He added that if private parties had such rights anarchy would result; that no person had the right to take life solely for the protection of property, and if life was taken in defense of property only it constituted murder. If persons illegally armed themselves in defense of property, the justice said, and death resulted, all were equally guilty of murder, for all who participated in an illegal act were equally guilty.

LONGSHOREMEN PLACATED.

New York.—After being on strike four days the longshoremen employed by the United Fruit Co., came to an agreement with the officials of that company and have returned to work. The agreement provides that a wage of 27½ to 32 cents shall be paid an hour for day work, 40 cents an hour for night work, and 45 cents an hour for holiday work. Before the strike a flat rate of 25 cents an hour was paid.

SECURED WAGE RESTORATION.

Toronto, Can.—William Glockling, representing the International Brotherhood of Bookbinders, has just returned to the city after putting in a strenuous month's work in the cities of Montreal and Quebec. In conjunction with Organizer Drury, of the International Typographical Union, he was successful in reaching an agreement with one of the largest firms in the former city who employ a large staff of bookbinders and printers.

This firm had put into operation a 10 per cent reduction in wages which affected its entire working staff of men, women and girls.

Negotiations with the firm were carried on for some time, and finally resulted in the whole matter being amicably adjusted, the firm agreeing to restore the former rate of wages and the amounts which had been held back would be returned to the employees upon the first regular fortnightly pay day.

CLAIMS OF JOHN D. DENIED.

Denver, Colo.—A committee appointed by the executive board of United Mine Workers' Union challenge the claim of John D. Rockefeller, jr., that his Colorado companies make no distinction between Union and non-Union miners.

In a public statement the Unionists take issue with Mr. Rockefeller's claim that the Colorado Fuel and Iron Company "does not care whether its employees are Union men or non-Union men."

The committee says: "Since the strike was called off last December this company (Colorado Fuel and Iron) has steadfastly refused to re-employ men who were still affiliated with the Union, and we defy Mr. Rockefeller to produce from his entire working force in southern Colorado a dozen men who are members of the Union."

The statement says the miners' representatives with whom Rockefeller has conversed in the coal camps do not represent the Union (United Mine Workers of America), but an organization "created by the head officials of the company and afterward foisted upon the miners."

The statement says that despite Mr. Rockefeller's recent announcement "eight or nine hundred members of our organization" have been refused employment by the company, while others have been "discharged on some flimsy, trumped-up pretext," and that "the elements that led to the revolt of miners in southern Colorado still obtain."

LOUIS J. DAUNER ASKS RE-ELECTION AS VICE-MAYOR

Louis J. Dauner.

The present Vice-Mayor asks for re-election as President of the Council on the Republican ticket. Mr. Dauner has been active in the administration of municipal affairs for the past fifteen years, and was most devoted and active in the affairs of the Board of Education, having secured the first of the new school houses for his constituents. Mr. Dauner was elected a member of the last Board of Public Service, and served most efficiently in the interest of our people. In 1913 he was elected President of the Council, serving fearlessly and impartially as presiding officer, and fully merits the support of all the people of our city. Mr. Dauner was born in Cincinnati in 1866, was educated in the public schools, and lived here all his life.

WOMAN'S CITY CLUB

Indorses the Citizens' Council Ticket for Board of Education.

Before the Woman's City Club Mr. W. F. Robertson gave an address on "The Aims and Objects of the Citizens' Council," which he said is made up of two delegates from each of the principal civic organizations of this city and represents 20,000 of the best citizenship. In closing Mr. Robertson urged all of the women present to register on October 15 and 16 to aid in electing the nominees for whom the Citizens' Council is working, viz: Miss Edith Campbell, Mr. A. D. Shockley and Dr. Louis Schwab.

The Woman's City Club as a whole heartily indorses the ticket, and Miss Campbell in particular, she being an ex-president of the club.
